Stack : JS, ReactJS, Redux, Axios, Python, Flask, FastAPI, SQL

PROJECTS

ClearCaption's Vimient (Nov 2022 - Jan 2024)

Seniors treasure their independence — even as that freedom comes with risks of injury or health issues. Vimient offers a holistic, person-centric solution, driven by our Certified Health and Wellness Coaches' personal relationships with seniors and data from a suite of smart devices, all so seniors can live more independently, longer.
Stack : Typescript, React, Redux, axios, moment, jest, rtl

Pasarpolis Mitra (Feb 2022 - Sep 2022)

A PWA that provides Platform to Agents & Customers to Purchase & Manage Policies related to various products provided by various Insurance Providers & a ControlPanel App for Operations Team to perform actions on various policies.
Stack : React-Redux, React-ContextAPI, axios, AntDesign, Sentry, Posthog, Google Captcha, Formik, Axios

Bancobase (July 2021 - October 2021)

A Single Page Application that has cookie based authentication & session management, a dashboard to see general information, a detailed list of uploaded files with search, sort, etc. Also has an interface for user to upload pdf files. A results page where one can view the extracted datapoints & mark new values for datapoints.
**Stack :** React-Redux, MaterialUI, PDF.js, React PDF Highlighter
